

SURFACE MOUNT-MODEL LL

SURFACE MOUNT-MODEL LL

Model LL is a large size status light (5⁵/₈" high x 5¹/₈" wide) with a medium screw socket for 120VAC in 30, 40 or 60 watt lamps.

FEATURES

- Shatter-resistant UV stabilized polycarbonate lens for strength and durability
- Aluminum base with three thru-holes for #8 screws on a 2¹/₂" diameter for mounting
- Mounting gasket for dust and moisture resistance
- Socket supplied with quick connect terminals or wire leads
- Available in amber, blue, clear, green or red lens
- Optional electronic flasher or thermal flasher.

APPLICATIONS

Ideally suited for in-plant signaling such as:

- **Material Handling** bright, visual signal to indicate low material, fluid levels or equipment failure status
- **Industrial** where high noise and activity areas require immediate attention
- **Manufacturing Facilities** steel mills, chemical plants, foundries and machine shops
