

SURFACE MOUNT-MODEL IL4

- Small Surface Mount Light
- Shatter-Resistant Lens
- Available in Variety of Colors

SURFACE MOUNT-MODEL IL4

Model IL4 is a small size surface mount light ($3\frac{3}{16}$ " high x $3\frac{1}{8}$ " wide) with a double contact bayonet socket for low wattage lamps in 120 VAC and 24VAC/VDC and 12VDC.

Lamps for 120 Volts available in 15, 10, or 6 watts.

FEATURES

- Shatter-resistant UV stabilized polycarbonate lens for strength and durability
- Aluminum base with two $\frac{3}{16}$ " diameter holes spaced 2" apart for easy surface mounting
- Mounting gasket
- Dust and moisture resistant
- Socket supplied with leads
- Optional electronic flasher
- Available in amber, blue, clear, green or red lens.

APPLICATIONS

Ideally suited for the following:

- **Material Handling** process control, conveyor systems, machinery and equipment operation notification
- **Industrial** visual communication to indicate situations such as low fluid levels, equipment failure and power interruption
- **Manufacturing Facilities** food processing plants, steel mills, machine shops and foundries
