

# CORRIDOR LIGHTS

## CORRIDOR LIGHTS

The W.L. Jenkins Corridor Signal Lights are ideally suited for Nursing Homes, Extended Care facilities or other applications where a signal for assistance is required.

The Corridor light is available with 1, 2, or 3 lamps furnished with steel segment dividers for individual light separation. The shatter proof, wedge-shaped translucent dome snaps into a stainless steel faceplate for ease of lamp replacement and concealment of mounting screws.

## FEATURES

- Shatter-proof dome
- Stainless steel faceplate
- Simple lamp replacement
- Easy installation

## APPLICATIONS

The W.L. Jenkins corridor lights are utilized as signals for:

- **Life/Safety** to alert hospital personnel of a change in condition or assistance required for patients
- **Institutions** hospital, extended care facilities and nursing homes
