INDUSTRIAL & SAFETY WARNING DEVICES  
INDUSTRIAL INDOOR-OUTDOOR BELL/WARNING LIGHT

## INDUSTRIAL INDOOR-OUTDOOR BELL/WARNING LIGHT

The W.L. Jenkins Company has united their rugged UL listed SUPERING BELL and a UL listed revolving warning light to provide a unique method of sight and sound signaling in one compact easy assembled unit.

This combination operates at 120 VAC and is available in either 4 1/4" or 6" gongs and the light comes in either red, amber, blue, green, or clear.

### FEATURES

#### LIGHT

- 25 Watt bulb
- 90 flashes per minute
- 200 Hour lamp life
- Convenient relamping access
- Lexan® dome, red, amber, blue, green & clear
- CSA approved
- Water resistant indoor/outdoor
- UL listed for indoor or outdoor

#### BELL

- 4 1/4" and 6" gongs
- Loud ringing - 93dB
- Long life
- Surface mounting
- 117 Volts AC
- Weather resistant
- UL listed

### APPLICATIONS

Ideally suited for the following environments:

- **Material Handling** conveyor systems, processing control, machinery and equipment notification
- **Manufacturing Facilities** excellent visual and audible device to alert personnel wherever high ambient noise and high activities are present in mid to large areas
- **Industrial** Bell/Warning Light is utilized in caution areas, hazardous surroundings and as a general purpose alarm
